CLARKE TELECOM TOPS H3G RIGGING TABLE

After only a few months in existence the rigging division of Clarke Telecom has topped the Hutchinson 3G contractors quality league table. To reach the high standards expected from H3G the rigging teams have demonstrated the experience and professionalism that is exemplified across the Clarke Group.

Testimonials typifying the standards demonstrated include from a Hutchinson 3G Rigging Manager 'Top of my quality list...you had 100% this week, proving it is possible' and from a Regional Implementation Manager 'Clarke Telecom seems to have this old rigging lark sussed.'

Having set such high standards in a short time Clarke Telecom Managing Director Neil Perrins was quick to comment; 'This is a further example of the commitment from our staff within the rigging division to succeed as the best performing contractor in their field.'

Note:-

Clarke Telecom Limited is a leading Telecommunications Company offering a wide range of power generation solutions and telecom installations throughout the UK. Clarke Telecom was established in 2000 and operates as part of the Clarke Group.
