ISO 14001  
Cert No.1410

Green Energy Solutions

### ISO 14001 ACCREDITATION

Clarke Energy Ltd has been awarded the ISO 14001 accreditation, for environment-friendly working policies. The certificate was achieved on January 12th, 2004.

The ISO 14001 accreditation for Environmental Management was awarded by Moody International Certification to organisations that can demonstrate that their overall management system includes organisational structures, planning activities, responsibilities, practices, processes and procedures for developing, implementing, achieving, reviewing and maintaining the environmental policy. Companies that can demonstrate that all levels of decision making incorporate environmental planning can apply for the award.

Health, Safety & Environment Manager, Mike Turner said: "Clarke Energy Ltd is a specialists in all aspects of renewable power generation and as such, I am very pleased that we also recognise the impact that the company's activities have on the environment."

This accreditation has also been awarded to Clarke Energy Ltd's other UK site at Slough.
